

LATE PRESIDENT'S WILL IS OFFERED FOR IT'S PROBATE

**Widow is Left Large Life Estate—Many
Friends, Churches and Relatives are Re-
membered Liberally—Will Was Made

(By the Associated Press)
MARION, O., Sept. 7.—Requests totalling \$225,000 in cash were made to relatives, lifelong friends, churches and the Marion Park association by the late President Harding under the terms of his will filed for probate here today.

Mrs. Florence Kling Harding, widow of the president, was left a life estate of \$100,000 in government bonds, the east half of the building now occupied by the Marion Star, the Harding home on Mt. Vernon Avenue, with all personal property contained there, with the request that Mrs. Harding give to each of the three sons of Dr. George T. Harding, Jr., of Columbus, brother of the president, a finger ring and watch.

Dr. George T. Harding, father of the president, was left a life estate of \$50,000 in government bonds and the home where he now resides. At Dr. Harding's death the home is to revert to Dr. Harding's son and three daughters. The president made a stipulation "no part of my estate shall be expended for a monument other than a simple marker at my grave."

GRECO-ITALIAN DISPUTE UP TO SPECIAL COURT

**Ambassadors' Coun-
cil Sends Proposals
to Greece**

(By the Associated Press)
PARIS, Sept. 7.—The council of ambassadors sent a note to the Greek government today embodying proposals for the settlement of the Greco-Italian controversy. The proposals somewhat modify the demands made upon Greece by Premier Mussolini. While they have not been officially disclosed it is understood they contain the following terms:

The Proposals

First. The Greek fleet to pay honors to the Italian naval squadron at Piraeus, which shall be accompanied by a British and a French warship; the Greek fleet saluting the inter-allied flag with 21 guns; the inter-allied ships to enter port without saluting.

Second. A memorial service to be held in the Catholic church attended by all the members of the Greek government.

During the service the ships in the harbor will fly their flags at half mast.

Third. Military honors to be paid when the bodies of the victims are placed on board ship.

Fourth. Greece to deposit the sum of 50,000,000 lire as a guarantee for the payment she may be called upon to make.

Fifth. An international commission presided over by a Japanese shall control the Greek investigation.

The text which was sent to the Greek government at Athens received the unanimous endorsement of the allied representatives but beyond saying the council has reached an important, perhaps decisive stage in the settlement of the conflict, no information with an official stamp was available.

RETURN TO ASHLAND

Mrs. Martha C. Wallbaum returned yesterday to her home near Ashland taking with her son, who has been here for a period of weeks taking X-ray treatments under the direction of Dr. Chapin.

Boy Meets Death by Accidental Gun Shot

(By the Associated Press)
WAUKEGAN, Ill., Sept. 7.—Judson White, 15 year old son of F. Edson White, president of Armour & Co., accidentally shot and fatally wounded himself today when he climbed his gun to strike a bull that attacked him at the family's Lake Forest home.

A. Watson Armour, 15 years old, and a son of Watson Armour and a relative of J. Ogden Armour, chairman of the board of Armour & Co., rescued his friend when he turned his gun on the bull and shot the animal as it attempted to gore the White boy.

who died while being taken to a hospital.

The lads had been shooting pigeons from a barn loft and decided to venture into a field where cattle were grazing. The White boy had crawled over the fence into the field when a bull charged him without warning. He clutched his gun and struck the animal over the head as it rushed at him. The jar, however, exploded the shot gun, the charge entering his groin. The Armour youth standing by the fence shot and killed the animal as it attempted to gore the White boy.

COMMUNICATION WITH JAPAN IS BEING STARTED

**City Greet Them
Royally and Bids
Sad Farewell**

(By the Associated Press)
LONDON, Sept. 7.—With communication between the devastated districts of Tokyo and the southern Japanese ports of Kobe and Osaka partly restored by air-planes and road transport along the Takaido route and with the pick of Japan's well trained army divisions which have been converging on the ruined capital since last Sunday exerting discipline to restore order among the hundreds of thousands of homeless, news from Japan begins to give some definite idea of the loss of foreign life. There are approximately 100 dead or reported missing, half of whom are British, but the Japanese government representatives here are still uninformed as to the number of Japanese who perished through the earthquake, fire and deluge.

First Official List

The foreign office tonight issued its first official list of the British killed or injured, the message being cabled by the British consul at Kobe. The list comprises thirty British subjects who are reported on good authority to have lost their lives, most of them being killed in Yokohama, which reports previously carried.

The Kobe consul explained that the list of casualties was incomplete. Besides the dead it contains the names of a score of missing and also the names of four members of the British embassy.

Loss of Life

It seems fairly certain that loss of life among American residents in Tokyo and Yokohama was small but no reports have been received concerning the fate of tourists. From 500 to 1,000 American globe-trotters are usually to be found in Yokohama hotels any day during the summer months, waiting for homeward boats or to start on tours thru Japan. On Saturday afternoon the Yokohama shops remain open to accommodate curio buyers, and the hotels, clubs and the wide bund fronting on the harbor would be crowded with visitors who, not familiar with the narrow streets and not knowing the location of the few parks and open spaces in the city had little chance to escape injury unless after the quake they sought refuge on ships in the harbor before the fires and explosions started.

U. S. Leads Relief

The world-wide nature of the unprecedented relief efforts attracts attention. The United States leading in subscriptions and speed with which ships have been despatched to Japan. Other nations, from Soviet Russia to South Africa are contributing generously. In Japan rigid orders against profiteering and other excesses likely to follow such a catastrophe. The premier has issued a public appeal to the population to exert its characteristic self-control, insisting that peaceful Koreans must be protected.

In Tokyo General Fukuda has announced that even the extreme Socialists, who had been harried by the police authorities in recent years deserve protection and assistance as fellow countrymen. It is believed here that the reports of Korean disturbances in Tokyo have been exaggerated, the accounts of armed risings are considered fantastic for the only sort of revolt the Koreans ever started even in their own country have been half hearted non-cooperation demonstrations in Seoul.

Japanese Active

The Japanese government has taken prompt action to assist in the reconstruction of the destroyed areas and aid in the rehabilitation of commerce by a month's moratorium and exemptions of taxation for a year in the devastated districts. The latter step is expected to be announced soon. Relief work in Japan is progressing altho the removal of the thousands of dead is necessarily slow and the danger of plague is increasing. Refugees arriving at Kobe relate harrowing experiences of their escape from Miyashita, the brief report by the American, Thomas D. Cochrane, indicating the destruction of the Fuji-Ya Hotel, one of the most famous inns in the east, being the first eye-witness account of the disaster in the mountain resort regions around the base of Fuji. It is feared that similar sufferings were endured at other resorts, such as Hakone. Refugees from many of these places had to walk miles across the mountains to safety.

AMERICAN SENDING HUGE SUPPLIES TO RELIEF OF JAPANESE

(By the Associated Press)
WASHINGTON, Sept. 7.—America continued today to pour out in generous measure funds for relief of stricken Japan. Reports received at National headquarters of the American Red Cross late in the day showed subscriptions to the relief fund had reached a total of \$2,247,000 or nearly half of the minimum sum of \$5,000,000 which is sought. At the same time, John Harton Payne, chairman of the Red Cross who has returned to Washington to assume direction of the nation's humanitarian efforts, announced that food, medical supplies and clothing to the amount of \$2,422,500 had been purchased and will be dispatched to Japan without further delay.

While experts of the department of commerce and the American relief administration were co-operating with Red Cross officials in carrying out purchase and shipping plans outlined by Secretary Hoover, President Coolidge and his cabinet discussed the relief work and the Japanese situation for nearly an hour. Later it was announced officially that coordination of all relief measures in this country under the direction of the American Red Cross would be undertaken.

Actual relief work in Japan will be in the hands of the Japanese Red Cross to which the supplies being shipped from this country will be delivered. American doctors and relief workers are enroute to Japan and they will co-operate with the Japanese should their services be required.

Pledge Resources.

After the cabinet meeting an administration spokesman emphasized that the American government would put its resources at the disposal of the Japanese realizing that they are perfectly competent to direct the relief work. This same spokesman said the best information now available is that Japan will need all of the assistance that can be given. It is estimated that as temporary relief about \$10,000,000 a month will be required for several months, this sum to be contributed by the nations of the world. The cost of permanent restoration of the stricken areas is not being taken into consideration, it was stated, the thing now in mind being the relief of suffering thru the furnishing of clothing, food and shelter. All steamers carrying shipments will have aboard timber and other materials which can be used either in constructing warehouses for the storing of supplies or temporary shelters for the people.

Thruout the day telegrams were received telling of oversubscriptions of quotas in many cities.

THOUSANDS ARE ATTENDING BIG KLAN MEETING

**Mid-West Pageant Staged
At Rockford—No
Disorder**

(By the Associated Press)
ROCKFORD, Ill., Sept. 7.—Threatening skies and a cold drizzle of rain early in the evening failed to interrupt the first day's program of a "midwest pageant of klancraft" at a driving park here today. Ku Klux Klan officials announced that a gate count had shown 18,000 persons entered the enclosure today. The meeting is "open" to eligible non-members and there has been no hint of disorder.

The pageant, which will also run tomorrow as self-contained. Sleeping and messing facilities for 25,000 persons have been provided and a continuous afternoon and evening program has been provided.

Musical programs, fireworks, and vaudeville were interspersed by addresses by Klan officials. A huge fiery cross done in electric lights surmounted a replica of Stone Mountain which towered 200 feet above the amphitheater. It can be seen for miles.

Shortly before midnight a naturalization ceremony in which 700 candidates from six mid-western states were taken into the order closed the ceremonies for the day. A larger class is scheduled for the ceremony tomorrow night.

Several hundred klansmen in regalia occupied the inner circle.

Imperial Wizard H. W. Evans scheduled to speak tonight was unable to reach the city in time for his address, but will appear tomorrow.

All available regular police and deputies were assigned to control of traffic in the section of the city invaded by the visiting klansmen.

A hundred special deputies and police were assigned to guarding the inclosure and for emergencies.

Liquor, weapons and cameras are barred from the enclosure and all persons entering are searched for these.

CHICAGO, Sept. 7.—Michael Boyle, Chicago labor leader under sentence of six months in jail for contempt of court in Lake County where he refused to answer questions of the grand jury investigating alleged attempts to bribe the jury that tried and acquitted Governor Len Small of conspiracy, today was denied the third petition for a writ of habeas corpus filed by his attorneys in the past two days. Judge Joseph B. David of the superior court refused to listen to the petition until it had first been filed before a Lake County judge.

ILLINOIS FARMER LABOR PARTY WILL HOLD ANNUAL MEET

**Expected That William Z.
Foster Will Be On
Hand**

(By the Associated Press)
DECATUR, Ill., Sept. 7.—William Z. Foster, radical and reputed Communist, who has been expelled from various labor gatherings over the country recently, was expected here tonight for the fifth annual convention tomorrow of the Farmer-Labor Party of Illinois. It was announced when Foster's credentials as delegate from a car men's local union in Chicago, were examined and found sufficient.

What importance his coming will have could only be conjectured as Gifford Ernest of Chicago, secretary of the party, denied reports that a controversy will develop about him that would overshadow the real purpose of the convention. However, it was asserted, no attempt will be made to prevent Foster speaking, "as a delegate," but that any advocacy of "direct action" would be immediately discontinued.

Foster's coming was awaited with much interest as the coming of other labor leaders, due here for the executive board meeting tomorrow of the Illinois Federation of Labor which precedes the 41st annual convention of the federation to open Monday.

Chief objection, to Foster, it was said, arises from his connection with the workers' party of America, which preaches "direct action" instead of use of the ballot. While the Farmer-Labor party announces it is based upon American ideals, it affirms nothing is to be expected from either of the two old parties but by independent political action.

For this reason it is expected the recent action of President John H. Walker of the Illinois Federation of Labor in endorsing Governor Small's administration will be censured.

A telegram was received from United States Senator Henrik Shipstead of Minnesota, accepting the invitation to speak on Sunday.

**POLICE SEEKING
EXCEPTIONALLY
ACTIVE BANDITS**

(By the Associated Press)
CHICAGO, Sept. 7.—Police of Chicago and surrounding northern Illinois cities were watching all roads tonight for four bandits who left a trail of looted banks and stores in their wake thru an afternoon of depredations. Since their last holdup in the late afternoon they had not been sighted.

Beginning their day's work early this morning at Decatur, Ill., the quartet entered a garage, bound the man there, robbed him, seized an automobile and left the city in the direction of Champaign, Ill., robbing a gasoline filling station on their way out of the city.

Appearing about 10:30 this morning at the Farmers' State bank of Onarga, Ill., they locked the cashier and a girl teller in the vault and escaped with about \$4,000. They left Onarga headed toward Chicago.

SPECTRES SEEN HOVERING OVER POLITICAL SEA

**Chairman of Com-
merce Commission
of Illinois Warns**

(By the Associated Press)
CONGERSVILLE, Ill., Sept. 7.—The spectre of party schism and personal feuds is casting its shadow over the Republican party in Illinois, Colonel Frank L. Smith of Dwight, chairman of the Illinois Commerce Commission said in a speech here today at a booster meeting for Senator Simon E. Lantz.

Speaking on behalf of the reelection to the state senate of Senator Lantz, whom he characterized as a "good Republican, deserving another term," Colonel Smith warned his hearers of rocks ahead in the political sea and declared that only party solidarity would continue the Republicans in the majority when the next great test comes.

"No party will long remain a majority party which nominates its candidates as a protest or advocates a policy of opposition," declared Colonel Smith. "It isn't a party when it is split so wide open that one faction can win solely because of opposition to another. None of us needs to be told that for the sake of success, both in the state and in the nation, our party must be solidified and not be disrupted. The times are out of joint the world over."

Good Republicans

In our own country we who are good Republicans, believe sincerely that the continuance of our party in authority is essential to the peaceful progress of our nation. The death of our national leader has necessarily had a disrupting effect. There are national as well as local schisms confronting us. The going in our next national campaign will not be nearly good enough to permit us to undertake it free from all anxiety.

"It is not a good time for mulish adherence to any personal feud or doctrine by anyone who professes to be a Republican. It is time when breaches should be closed by any honorable means available."

Colonel Smith defined "a good Republican in office" as one who is "definitely and irrevocably committed to constructive effort in behalf of his constituency."

**ALLEGED TRAINING
SCHOOL INVADDED**

(By the Associated Press)
MACON, Ga., Sept. 7.—Information connecting Macon and Milledgeville members of the Ku Klux Klan with two invasions of the state training school for boys last month for the purpose of kidnapping two negro attendants has been obtained in an investigation of the conference of klansmen at an abandoned house 10 miles from here last Monday, county authorities announced here late today.

The nature of the information obtained by the officers at work on the case was not disclosed by the authorities further than the alleged establishment of a connecting link in the activities of members of the Klan it was said.

County authorities announced that warrants would be taken out immediately for several additional men in connection with the alleged case here.

Roy W. Moore, city court solicitor said he expected that more than a half dozen men would be arrested.

COAL STRIKE HAS

(By the Associated Press)
HARRISBURG, Pa., Sept. 7.—Complete agreement upon the main points at issue between anthracite operators and miners upon the basis of Governor Pinchot's peace proposals, was reached here today. Joint negotiations to make the agreement effective in a new wage contract and to clear up outstanding differences of lesser importance between the two sides were called for 7 o'clock tonight.

All participants in the negotiations believe that a settlement will be effective and that the anthracite mines, now shut down by union orders, will be re-opened within ten days. Governor Pinchot, discussing the still unsettled points, declared there is no point of dispute remaining between the two sides which is in any way likely to justify a continuation of the strike.

Any final agreement whether reached tonight or later by the union representatives and the operators' policy committee will be subject to approval by a convention of union delegates from the three united miners districts anthracite region.

The assembling of such a convention would require at least a week but John L. Lewis, president of the miners and other miners' union officials were certain a contract would be negotiated and that their recommendations would be accepted by the tri-state district convention.

Miners' Concession

Governor Pinchot's announcement that the miners union representatives had agreed to take a 10 per cent wage increase and abandon their demand for "check-off" collection of union dues came at the end of a brief session in which he met again members of the operators' policy committee and the union officials. The operators left the decision known to Mr. Lewis and the governor remained in the office together to tell what had taken place.

"It is with the keenest satisfaction that I tell you I am authorized to announce that both miners and operators have now agreed upon the four points of the basis of settlement tendered them as those points were interpreted in the supplementary statements issued yesterday," the governor told the assembled newspapermen.

"Drawing up a new wage contract are to proceed after 7 p. m., in my office between the miners' representatives and the operators' committee and I confidently expect a prompt and complete agreement upon all details."

Adjournment Taken

The miners and operators' representatives adjourned at 11:04 tonight to meet again at 11 a. m., tomorrow without having come to any agreement.

Governor Pinchot, in a statement said excellent progress had been made and both sides were showing a strong disposition to reach an agreement.

"The discussion has dealt principally with matters not covered by the four points of the settlement terms," Governor Pinchot said. "Excellent progress has been made for a final agreement. Both sides are showing a strong disposition to reach an agreement as rapidly as the questions at issue will permit."

Much of the time of the session was devoted to consideration of the union's demands for increased earnings for mine laborers.

CENTENARY CHURCH
ELECTS OFFICIALSFinal Quarterly Conference of Year
Held at Centenary M. E. Church—
Pastor Reports on Year's Activities

The Rev. E. L. Fletcher, District Superintendent of Jacksonville District in the M. E. church, has nearly completed his last round of Quarterly Conferences for the current year. Yesterday evening, he held the conference for Centenary church of this

city. The pastor, the Rev. C. D. Robertson, was invited to remain for another year at a salary the same as last year.

The pastor's report covering the work of the past two conference years is herewith given:

In view of the fact that this occasion marks the close of two years of the present pastorate, and that the date of this meeting is sufficiently late in the year to make possible a practically complete report, I shall make this a report of the two years rather than of the last quarter. I do this because it is so easy to lose sight of the separate items that go to make up the aggregate of such work as we are doing, so that when only a short period of time is considered, we cannot make a just estimate of the real results or of their full value. The work of a church, no matter how closely and completely it may be mapped out and "programmed," must of necessity be more or less a succession of separate events and achievements. Taken thus separately, they do not appear to have much value. But viewed as covering a longer period of time, and in their relations with what has gone before, they are seen to have a cumulative value which in the aggregate is very great. I feel that the failure to recognize this is perhaps the one outstanding fault of our polity. I am afraid that it is not without some foundation in fact that Methodist preachers are the butt of rather a bad joke concerning their frequent movings. I am afraid there is too much of a tendency to look to the immediate results and the fragmentary accomplishments and not enough interest shown in the value of a long period of constructive work. The day of spasmodic evangelism, of effervescent revivals, and of an exclusively Sunday preaching program is past, if such a program ever had any value. It has evaporated during the change that has come to the times. Longer time, more constructive methods, a greater emphasis upon development and training, the opportunity to build himself into the life of a generation, and above all, unlimited patience to wait for the full value of his work to become manifest are the prime needs of a pastor today. And the mistake which I have pointed out is not confined either to the ministry or the laity; many preachers as well as many official boards feel that they

are failing unless there is some spectacular result. No single event or accomplishment, however, can be quite so spectacular as the piled-up value of the cumulative effect of consistent, constructive service carried on through a long period. These observations are suggested by the remark with which I opened this report. I am aware what I have to report is not especially spectacular or unusually significant. But it is much more significant when reported this way than when viewed as a mere succession of insignificant happenings.

As to such of my work as can be reduced to figures: I have made between 1,200 and 1,500 pastoral calls. My record of this work is very incomplete. I have made enough good resolutions on this point to pave my way clear to and clear through the place where such pavements are said to be favored by the municipality. But it is never very long before I realize some bright day that I have been traveling my pastoral rounds for a week or so and have utterly forgotten to set down the total stops made. A date after the name on my visiting list to show when I was last there is about all I seem to be able to keep in the way of records of pastoral calls, and I am not always sure that I set down the date. I value this form of pastoral work very highly and it is the recording that I neglect, not the doing of it.

About 100 persons have been received into the church. I have administered baptism to 36 candidates, solemnized 32 marriages and conducted 45 funerals. There have been about 150 conversions. There were from all parts of the town and the surrounding country and did not unite with this church. Some were already nominal church members.

The revival last winter, which I reported in some detail last quarter, is the outstanding feature of the work during my pastorate. It resulted in many conversions, and in reviving the life of the church.

Plans for the closer grading of the Sunday school are being worked out, as are also plans for a weekly church night to be inaugurated immediately after conference.

The goodness of God in giving me almost perfect health, the kindness of the people, the co-operation of the officials and leaders all have contributed to make my work here very pleasant, and cause me to quote from Browning, the greatest preacher among the poets, as I look forward to the days ahead, "The best is yet to be."

According to the law of the church, officials were elected and committees appointed at this meeting for the ensuing year, as follows:

Trustees—J. W. Taylor, C. S. Smith, J. K. Kitter, E. L. Kinney, J. M. Deatherage, P. J. Garland, W. B. Rexroat, Henry Muehlhausen and C. S. Keenan.

Stewards—Henry Muehlhausen, H. G. Busby, George Fuhr, A. C. Metalf, R. R. Puckthorpe, Gertrude Atkins, C. A. Fiedler, Minnie Wyatt, Ira Patterson, T. H. Puckthorpe, Clara Ranson, Fred Six; District Steward, J. G. Berger; Reserve District Steward, T. B. Reeve; Recording Mr. and Mrs. E. O. HASTE URGED IN
JAPANESE RELIEF

A letter received by the Morgan County Red Cross Chapter Friday from Walter Davidson, manager of the Central Division, impresses the need of haste and ask that all chapters have their quota completed by next Monday.

It is believed that solicitation will not be necessary in this county. It is thought that a general appeal will be sufficient to notify citizens of their humanitarian obligation to a stricken nation. Checks and cash should be sent to the designated places at once.

Contributions should be mailed or taken to Red Cross headquarters at the public library, any Morgan county bank or at the Journal or Courier offices. The first appeal made yesterday resulted in contributions which this morning totaled \$185.

The following letter from the manager of the Central Division, received by the Morgan County Chapter of Red Cross, explains more fully the needs and plans for a nationwide campaign for Japanese relief:

1. The Executive Committee of the National Red Cross in session today requests that in view of the urgent need of the Japanese earthquake sufferers, quotas that have been assigned be regarded as absolute minimum. It is further considered imperative by the Committee that the quotas be reached by next Monday if not earlier.

2. It is highly important that the national officers at the earliest possible moment have definite knowledge of available resources. Therefore please immediately report results and remit collections promptly.

3. The National organization is using every available means to stimulate enthusiasm and assistance to you in raising your quotas. It is enlisting nationally the support of the Chambers of Commerce, Rotary, Kiwanis, Lions Club, Federal Council of Churches and other organizations and clubs. I am advised today that Dr. Mott is calling on the Y. M. C. A.'s throughout the country to place the entire organization at the disposal of the local chapters. Also the Jewish Welfare Board has wired all its constituent societies to lend full cooperation.

4. The responsibility for the raising of an adequate fund to represent America's sympathy for the Japanese in their distress has been placed upon the American Red Cross, and you as its agent are requested heartily to lend yourself to the work of raising a sum at least equal to the quota assigned. If by oversight you have not reached a quota, kindly get into touch with me, and proceed immediately to raise a fund representative of your community's sympathy.

Be sure to report results quickly. With appreciation, I am, Sincerely yours, WALTER DAVIDSON, Manager Central Division.

ST. LOUIS COMMITTEE CONDEMNES K. K. K.
St. Louis, Mo., Sept. 7.—Members of the Republican city central committee, which last night adopted a resolution condemning the Ku Klux Klan, said today that they would oppose the nomination and election of any candidate who is in any way affiliated with the Klan.

The Democratic city central committee, as is known also went on record as opposing the Ku Klux Klan in a resolution adopted last week by unanimous vote of the members present. Members said the Democratic committee would insist that all candidates "come clean" on the Klan issue.

It's so Easy to make perfect

Jelly & Jams
With LEO'S PECTIN

It takes minutes now, where it used to take hours, to make the most delicious jams and jellies. Mother used to be so terribly particular, too, because she knew that the least slip "in the making" resulted in spelling many dollars worth of sugar and fruit. But—now, with Leo's Pectin—anyone following directions can make jam and jelly without the least fear of failure—because she knows that Leo's Pectin insures success. Leo's Pectin is a pure fruit element—never spoils—very inexpensive, too. Jellies and jams can be made for less than a penny an ounce.

Try this Recipe for Delicious Grape Jelly
Five cups grape juice, 1 package Leo's Fruit Pectin (Use large kettle). Bring to vigorous boil, meanwhile stirring. Then add 6 level cups sugar. Bring back to vigorous boil and continue for 2 or 3 minutes. Pour into clean jars and sterilize. You can dilute the grape juice with water to suit the taste. Don't use more than a total of 5 cups of liquid.

Westminster Notes

The Bible school resumes Sunday with Superintendent Shafer leading the Men's Bible class, Mrs. Gunn the class of "Huntlers," Miss Margaret Moore the Students' class and other teachers in their places.

The Intermediate C. E. will resume this Sunday evening at 6:30 and the Junior C. E. next Wednesday at 4 p. m. All the parents are urged to help the boys and girls remember, so Mrs. Smith suggests.

The lecture room of the church is being renovated and also the basement is being put into order after the floods caused by the recent downpours.

A congregational supper is appointed for Wednesday evening, the 19th. After the supper there will be a budget meeting for arranging the budget for the financial year beginning October 1st.

On Sunday evening, the 9th, Dr. Smith will present two reels selected from "The Holy Bible in Motion Pictures." These are chosen from the latest and most satisfactory production of Bible pictures ever made. The whole series beginning with Genesis has cost \$3,000, 600. The selection chosen for next Sunday illustrates the beautiful book of Ruth. This will be the subject of the sermon. We are expecting something truer to the Bible than we have ever had. On Sunday, the 16th, Dr. Smith will resume the Lincoln picture as presented by Benjamin Chapin.

MARTIAL LAW IS
STARING WHOLE
STATE IN FACE

Oklahoma Governor Makes
This Answer to Al-
leged Challenge

OKLAHOMA CITY, (By the A. P.)—The entire state of Oklahoma was threatened with martial law today by Governor J. C. Walton, coincident with a challenge thrown to him that he would never be able "to break the power of the Ku Klux Klan in Oklahoma."

Charging that the drive being conducted by the executive in Tulsa county against mob flaggers was inspired by Walton's desire to make himself "a national figure," N. W. Jewett, grand dragon of the Oklahoma Realm of the Klan, declared that the "governor would like to drop the iron that has grown too hot for him to hold, right now if he could."

"Jack Walton cares nothing for the men that have been whipped; his fight is on the Klan," Jewett asserted.

To restore law, Jewett declared, he is unshaken determination to "restore the supremacy of the law in this state," the governor said.

"I realize that the conflict with the lawless element and lawless spirit of large groups of Oklahoma's citizens is a desperate one; that my enemies will use every weapon at their command including the press where they can command upon it, grand juries and other agencies to defeat the purpose of this administration."

In a bitter attack on the executive Grand Dragon Jewett charged, "Jack Walton entered the kitchen of the Klan but he never got any farther and that is one of the principal causes of his fight on the Klan."

Jewett alleged that Walton had been "obligated in the Klan in the capital by Minier Merryweather, formerly a 'kloole' at 'Nashville' adding, 'that is as far as he ever got.'"

PRINCESS PREFERS TAXICAB TO
ROYAL EQUIPAGE

By MILTON BRONNER
NEA Service Staff Correspondent
London—Late today has been stopping in London a pretty, bobbed-haired girl whose chief delights are to be a guest in a big hotel and then go sightseeing around town in an ordinary street bumping taxi.

When she's at home, she lives in a palace. And when she goes out, it is to ride in a state coach or in a big automobile with uniformed out-riders.

She calls a king "papa" and is on intimate terms with three queens. In fact she calls one of them "mama" and the other two "Bessie" and "Marie."

For this favored kid is Ileana, Princess of Rumania, daughter of the royal rulers of that country and sister of the queens of Greece and Jugoslavia. Only 15 and big for her age, she is already known as the best-looking of all the royal girls of Europe. And the gossip mongers have been busy rumormongering her engagement to various sons of royalties, including the Prince of Wales.

But the "nothing doing" sign has been hung up not only by her royal parents, but also by Ileana herself. She says she is too young and besides there are a lot of things she wants to see before she settles down to the dull routine of some royal court.

One of the biggest treats her parents can give her is to let her come to London practically on her own. In fact, her only companion is her governess, Miss Marr, a staid, middle-aged English woman.

Because of this freedom and her own ad travel, Princess Ileana sees more of real life in a big foreign capital than is usually vouchsafed to a princess anywhere in the world.

PRINCESS ILEANA

WILL MEND BATTLE
FLAG OF ILLINOIS

Springfield (By the Associated Press)—Miss Julia Reckord of Baltimore, Md., savior of the battle flag, is expected here early in September to begin the delicate work of mending the battle torn and fragile remnants in the state capital.

Scores of flags carried by Illinois troops through the fire of Shiloh, Vicksburg and Pea Ridge are almost falling to pieces as they rest, carefully guarded from dust and human hands, in the historical museum. Adjutant General Black proposed moving them to the new quarters of the museum in the Centennial Building, but experts said the battle torn remnants never could stand the trip of less than a quarter of a mile.

General Black then began an investigation to find someone who could mend the ancient colors. He heard of Miss Reckord, who had mended the flag that Lord Cornwallis surrendered to General Washington after the battle of Yorktown and many others in the priceless collection at West Point.

She is said to be one of the two of three people in the United States who knows how to strengthen the weakened fabrics with thread and needle. She carefully sews around each bullet hole and prevents the threads from giving away.

She probably will receive a fee from the state of Illinois in keeping with the skill required. It is estimated that the cost of repairing each flag will be between \$90 and \$100.

MRS. C. C. CAPPS SUFFERS
PAINFUL INJURY

Mrs. Charles Capps, 252 Park street, who has been an invalid for some time suffered a very painful accident at her home yesterday morning.

While being taken up a small incline in the yard, the wheel chair in which she was resting caught the footboard on some obstacle and threw Mrs. Capps violently to the ground, causing a deep cut in the forehead. After her removal to Passavant hospital it was discovered that Mrs. Capps had also sustained a fracture of the knee. Doctors Carl E. Black and H. A. Chapin attended the injuries.

VOICES OPPOSITION
TO SUNDAY CIRCUS

Quincy, Ill. (By the A. P.)—Opposition to a Sunday circus has been voiced by Rev. T. Elmer Jones of the Immanuel Baptist church, who contends that "only harm can come to ourselves and our children by an extended disregard for the Lord's Day."

The congregation of his church, Rev. Jones said, disapproved of having "our city emblazoned with posters announcing the appearance of a circus here for two days, commencing Sunday."

PASTOR VISITS HERE
Rev. A. L. Wood of Ashburn is visiting friends here for a few days. He reports a successful year's work in the Methodist church in that place, and especially have the finances of the church been kept in excellent shape.

VISITOR FROM IOWA
George Lewis, who was called to this locality by the death of his brother, J. C. Lewis, in Bluffs, is now spending several days in the city before returning to his home in Des Moines, Ia.

Miss Marian Munson, accompanied by Miss Toinette Cully, returned to her home in Rushville Friday after a visit at the home of Mr. and Mrs. C. E. Cully of this city.

AUTOMOBILE LOAD OF
SNAKES OVERTURNED

DANVILLE, Ill. (By the A. P.)—Confusion prevailed when an automobile load of snakes overturned near here. The snakes were being transported to Kansas City from Cleveland, Ohio, by Carl Ward, Kansas City showman. Two of the snakes were killed in the mishap, several others of the reptiles escaped in the grass but were recaptured by Ward.

Despite Ward's assertion that all the snakes had been recaptured motorists and garage repair men refused to aid him. Several drivers, seeing his predicament, offered to assist him but on seeing his "cargo" immediately withdrew their offer and made a hurried scramble for their cars. Finally two garage crews from the city, wearing rubber hip boots, made necessary repairs and towed the car to Danville.

Alabama Mayor Says Tanlac Restored His Health

JUDGE G. W. THOMASON

Judge G. W. Thomason, Mayor of Tarrant City, Alabama, widely known and highly esteemed pioneer citizen, recently gave his unqualified endorsement to the Tanlac treatment.

"Chronic indigestion brought me to the verge of a general breakdown three years ago," said Judge Thomason, "and nothing seemed to afford much relief. I was eating scarcely enough to keep going on, and food stayed in my stomach like a rock, causing pain and extreme nervousness. Sleep was often impossible, and I gradually weakened so I could hardly attend to my office duties. The first bottle of Tanlac improved my appetite and digestion wonderfully, my nervousness disappeared and I rested better at night. Each successive bottle gave added impetus to my returning strength, and I felt ten years younger when I finished the sixth bottle a short time later. Tanlac gave me new zest in life that I still remains with me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

TAPS SOUND FOR CIVIL WAR VETERAN

William J. Green Passes Away at Age of 79 Years—Business Men Play Ball and Other News Notes.

Arenzville, Sept. 7.—Funeral services for William J. Green, who died at his home here Sunday afternoon, were conducted from the residence Tuesday afternoon by Rev. Hilburn of Concord. Deceased was 79 years of age, a veteran of the Civil War and was a resident of Morgan and Cass counties all of his life.

He was the father of eight children, who with the aged wife survive him. They are, namely: Richard of Bloomington, Mrs. Alice Ham of Concord, Mrs. Lillian Wood, Mrs. Emelia Ham and Mrs. Florence Klock, all of Arenzville, Charles of Humboldt, Kansas, Edgar of Beardstown and Anna at home.

Interment was made in the Arenzville cemetery.

In a baseball game staged at the local diamond Monday afternoon, the team composed of the business men of the south side, emerged a victor over the north side business men by a score of 13 to 12. Until the seventh inning the north side looked like a victor, being on the long end of a 8-1 score, but by a brilliant come-back the south side team slugged the "pill" all over the field during the last three innings and finished a victor.

Every business house in Arenzville was closed during the time of the game and it was an enjoyable affair for everyone.

The battery for the winners was Beard, Peck and Jones and for the north side, Nichols and Hiernan.

Wreck Old Warehouse.

The old warehouse, located at Hagener, four miles north of here, which belongs to the Schultz-Baujan Grain company of Beardstown, has been torn down and a new concrete elevator is being erected. The new structure will be completed within from two to three months and will have a capacity of 25,000 bushels.

The regular meeting of the Arenzville Commercial club was held Tuesday evening in the village hall. A committee reported that the merchants' display room which is being built in Peck's garage would be ready for use within the next week. The club also voted to have an all day picnic and burgoon in the park on Thursday, Oct. 4th.

Bob Hiernan was in Springfield Tuesday on business.

The Arenzville Greys will play the Morgan County Farm Bureau baseball team on the local grounds Sunday.

Richard Green of Bloomington and Charles Green of Humboldt, Nebraska, were called here the first of the week by the death of their father, William Green.

EXAMINATIONS CONDUCTED FOR CADET ENGINEERS

Chicago. (By the A. P.)—Examinations for cadet engineers in the United States Coast guard service, will start September 10, according to the official announcement. The qualifications for appointments require the applicant to be between the ages of 18 and 23 years. Applicants who have completed a four year high school course will be examined only in mathematics, English and history. Those who have not completed high school courses will be required to take more extensive examination. Successful applicants will be entitled to enter the Coast Guard academy, at New London, Conn., and each summer to take a cruise on extended practice service.

Mrs. Charles McNamara left Friday night for Chicago for a visit with her brother, J. B. DeSilva.

INDOOR PICNIC HELD AT WINCHESTER

Residents of South Main Street Enjoyed Evening Together at Baptist Church—Other Winchester Items

Winchester, Sept. 7.—The residents of South Main street enjoyed an indoor picnic Friday evening in the dining room of the Baptist church. The event was to have been held on the lawn at the home of Mr. and Mrs. Bluford McClure, but a change in plans was made because of the unfavorable weather conditions.

A bountiful menu was served, consisting of fried chicken, sandwiches, pickles, Saratoga chips, iced tea, coffee, ice cream and all kinds of cake. Following the serving of the dinner came a program of toasts, all of which were of a humorous nature and very entertaining. Dr. H. H. Fletcher served most capably as toastmaster. The first was "My Knowledge of South Main Street for the Past Thirty-nine Years," written by Mrs. Sarah Thomas and read by Mrs. W. H. Kinson because Mrs. Thomas is out of town.

Following a reading by Prof. Henry Higgins came Dr. H. H. Fletcher, whose theme was "The Sanitary Condition of the Street." "The Legal View of the Street" was given by Judge J. A. McKee. The final number was "Our Neighbors" by Supt. C. W. Smith.

Adjournment was then taken to the church auditorium where a pleasing musical program was presented. Wayne Fletcher was heard in several vocal solos with band accompaniment. The young man was given several hearty encores. Stuart Taylor of St. Louis rendered a flute number which was well received by the audience. As an encore he and Wayne Fletcher gave a flute and saxophone duet, with Miss Ethel McClure as accompanist.

A number of the young people joined heartily in a South Main street yell and the program closed with the singing of America by all. The whole occasion was so thoroughly enjoyed that it is planned to have such a gathering each year.

News Notes

Miss Josephine Balsley of Galesburg is here for a visit with relatives. She expects to leave soon for the University of Illinois, where she will be a student this year.

Mrs. Sarah Thomas is visiting her daughter and family in Roodhouse for a few days.

Mr. and Mrs. John Tankersley have taken rooms in the A. C. Smith property on South Main street.

Mrs. Sam Woodall of Alsey was a visitor in Winchester Friday.

LLOYD GEORGE MAY VISIT LINCOLN

Lincoln, Ill. (By the A. P.)—That David Lloyd George, former premier of Great Britain, will consider this city in planning his itinerary for his proposed trip to the United States is indicated in a letter from his secretary, A. J. Sylvester, thanking the local Chamber of Commerce for its invitation extended to the former premier. The letter said:

"Mr. Lloyd George has asked me to thank you for your cable and to express his warm appreciation of the invitation extended to him by the Lincoln Chamber of Commerce. Mr. Lloyd George has not definitely decided to visit Canada and the U. S. A., but if he finds it possible to do so he will certainly bear the town of Lincoln in mind when making up his itinerary."

Mrs. Anna Hoffman of North Fayette street has returned from Paducah, Ky., where she was called by the serious illness of her niece Mrs. H. D. Dearwester.

Mrs. C. S. Simms who accompanied her remained to care for her daughter and has since reported that she is now much better.

TO PURCHASE LAND FOR TURIST CAMP

Rock Island, Ill. (By the A. P.)—The city council here has decided to purchase land for a tourists camp. Part of the council agreed that the camp should be located in the business section of the city. The majority decided, however, to purchase land near the entrance to the city.

Miss Bernice Abernathy of North Main street leaves this morning for Peoria where she will spend the week end with Miss Mildred Kepford.

DEATHS

David Meyer.

John David Meyer died at the home of his son, Ernest David Meyer, four miles east of Franklin, Thursday night at 9:30 o'clock.

The deceased, aged and prominent resident of Cass county, was 82 years old and a retired farmer, when death came. He was born in Germany and came to this country when a young man. Up until seven years ago he was interested in farming.

The following children survive: Mrs. John Wessel and John David Meyer, Beardstown; Ernest David Meyer, Franklin; William David Meyer, Kansas City, Mo.; and Christopher David Meyer of Michigan.

The remains were taken to Beardstown where the funeral will be held this afternoon from the Sixth Street Lutheran church.

BOOSTS BUILDING ASSOCIATIONS

Springfield, Ill. (By the A. P.)—Building, loan and home-stead associations are given boost in a report of State Auditor Andrew Russell, who pronounces them one of the most stable forms of investment.

This judgment is delivered after noting that such associations in Illinois turned back to their stockholders last year something like \$19,500,000 on account of maturing stock.

The report shows the number of these organizations increased from 709 to 738 in the year and that 1,500,000 new shares were issued. There was in effect at the end of last year the report said, 5,238,942 shares of building and loan association stock.

"The building and loan association is not a more stable investment than that based upon such securities as first mortgages based on loans on real estate," said the auditor's report. "They produce an earning rate of nearly 7 per cent."

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. L. Johnson, 609 W. Lake St., Chicago, Ill. is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality, who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. (adv.)

QUACKS' ANNOY DANVILLE RESIDENTS

Danville, Ill. (By the A. P.)—Citizens of Danville have presented a petition to Mayor Shouse asking that a big duck farm on Franklin street be removed outside of the city.

The "quacks" have annoyed the neighbors, the petition claims. A notice will be served on the owner, the council decided, and, in the event that he does not heed the notice, members said he will be charged with maintaining a public nuisance.

ANGEL TAKES ON TWO NEW SPARRING MATES

Gives Them Each Battle Royal Welcome—Luis Camera Men Have Own Way with Him

ATLANTIC CITY, N. J., Sept. 7. (By the A. P.)—Wearing his broadest smile, clothed in his finest ring togs and feeling chipper after his day of rest Luis Angel Firpo welcomed two new sparring partners to his camp today with carressing low-powered punches. Luis Angel was not bothered much about the work-out being most particular to do what the men of the cameras for the first time on the job, desired.

There were seven rounds of lively sparring in the dog park before several hundred persons. John Lester Johnson, a negro heavyweight, who broke three of Jack Dempsey's ribs some years ago when Jack, then, "Just a fighter" made his first bow in New York, was in the first mix-up with Luis. John Lester made the South American step around some. He found the Argentine's jaw with some stinging lefts and some rights and John Lester took one hard right in the ribs that hurt him.

Young Bob Fitzsimmons, browned and in excellent physical condition at 165 pounds was next before the movie cameras with Firpo. They sparred two rounds. Firpo was hit too but not enough to bother him. Joe McCann boxed two rounds and the session ended in a round with Frank Koebel.

Altogether it was the fastest sparring period the Argentine had had.

Buddy Jackson, negro heavyweight arrived in camp, ring suit stuffed under one arm all ready for work. He was told that he would not be needed at present but might get into the punch shower Monday. Jeff Clark, the Joplin Ghost reported for work too but was told to take another day off. Firpo is working solely for speed now. He wants the men who can step fast and box a bit. He was pleased with the work of Johnson and Fitzsimmons. These two along with the light-heavyweight Frank Koebel, probably will get the brunt of the work during the last days of training.

HUBBLE DECLARED ELKS CHAMPION

Defeated Clifford Alves in Final Match—Winner Showed Fine Form and Consistent Play.

The Elks tournament which has been in progress on the local golf course came to an end yesterday when J. W. Hubble defeated Clifford Alves in the final match for the championship. The first 18 holes were played Tuesday afternoon. Alves was four up at the end of the first nine. Hubble then lived up to the reputation he made when he represented the Jacksonville country club here in their tournaments. He settled down to his game and fought grimly to the end, cutting Alves' lead to one up.

The second 18 was played Thursday afternoon before an interested gallery. Hubble continued the fast pace he had set on the last nine holes of the first day's play. Alves was unable to increase his lead and the first round ended with Alves one up. Hubble by consistent play squared the match and won the eighth and ninth holes, giving him the match and the title of "Elks champion golfer."

The second 18 was played over a course made soggy by the afternoon rain and Hubble's consistent play netted him an 83, an excellent score under such adverse conditions.

Uriel D. Gouveia, chemist for the Midland Metal Co. of Chicago, who has been visiting relatives and friends in this city, left yesterday to visit friends in Champaign county, following which he will spend a week in northern Wisconsin woods before returning to his work.

Miss Alberta Olroyd of 738 South Church street is a guest of Miss Ruth Whipp in Springfield for the week end.

MEREDOSIA

Meradosia, Sept. 7.—The annual meeting of the Morgan County Association of I. O. O. F. and Rebekahs was held Wednesday and again on Wednesday prevented many from attending. The Perry band furnished music throughout the day.

Deputy Grand Master George Turner of Streator was present and was to give a public address, but on account of the rain was prevented from doing so, but gave a splendid and enthusiastic talk at both business meetings of the I. O. O. F. and Rebekahs at their hall in the afternoon.

At the I. O. O. F. business meeting W. L. Wilday presided, with J. L. Tischer as secretary. The following officers were elected for the coming year:

Pres. Wesley Coundes; vice president E. A. Ranson; secretary and treasurer E. D. Hembrough, all of Lynnville. Lynnville was chosen as place of the next meeting of the association.

At the meeting of the Rebekahs, Mrs. Clyde McAllister presided with Mrs. H. Kinnett as secretary. The following officers were elected:

President, Mrs. Gunn of Murrayville; V. President, Mrs. McNeely of Nortonville; secretary and treasurer, Mrs. Carlson of Murrayville.

George Williams engineer on the steamer Piasa spent Thursday here with his mother Mrs. Minnie Williams.

Russell Andrews of Decatur arrived this week to enter high school and make his home with his sister Mrs. James Smith while here.

Mr. and Mrs. John Rolf and daughter Lucille left Wednesday for their home in Kansas City, Mo. They were accompanied by Mrs. Rolf's mother Mrs. Katherine Mayes, who will spend the winter with them.

Mr. and Mrs. Otis Webster, Ben Webster and Marion Hogan of Clayton were guests of Mr. and Mrs. John Edlen Wednesday.

Miss Mary V. Todd of Jacksonville arrived Wednesday for a visit with Phillip Hinners and family.

Mrs. Mary Walsh and son Henry were Quincy visitors Wednesday.

Mr. and Mrs. Alfie Mayes of Beardstown were guests of Mr. and Mrs. Robert Mayes Wednesday.

Miss Ella Meier of Sinclair is spending the week with relatives in this vicinity.

Mrs. L. H. Wogehoff of Beardstown visited her brother C. O. Summers and family Wednesday.

Frank Taggart and Grace Burris of Pittsfield were business visitors here Wednesday.

Mr. and Mrs. Donald Pond left Tuesday for Logansport, Ind., where they have employment and will make their home.

Mrs. A. Henry of Beardstown is visiting her daughter Mrs. John Tonniss this week.

George Lewis of Des Moines, Iowa, spent Wednesday here. Mr. Lewis was a former resident of the place having had charge of the Ray Hotel for a number of years, but left 17 years ago to reside in Jacksonville and from there he went to Iowa.

Mrs. Henrietta Hess of Louisiana, Mo., is spending the week with Mr. and Mrs. James Shinn-ebarger.

Mr. and Mrs. Otto Barth of Bluffs attended the picnic here Wednesday.

Bert Mayes of near Versailles was a business caller here Wednesday.

Eliza Harman and Perry Leonard of Concord were visitors at Mr. and Mrs. S. P. Hodges' on Wednesday.

Among those from a distance who attended the picnic Wednesday were, Mr. and Mrs. W. C. Brockhouse, of Concord; Thomas McGinnis, J. Marshal Miller, Charles Boston, Mr. and Mrs. Jas. Rice and daughter Bernice, Mrs. Joe Sammis of Jacksonville, J. A. Weeks of Arenzville.

Harry Waters purchased the Self Service store of L. F. Berger Wednesday and took possession the following morning. Mr. Waters came here from Chapin about eight months ago and entered the employ of Mr. Berger and has made many friends during the time of his residence here, and will no doubt meet with splendid success in his new business enterprise. He will conduct the business along the same lines and at the same location.

CUBS BUMP OFF TWO OF PIRATES PITCHERS

Defeat Pirates 6 to 4 Scoring all Runs in First Inning—Stein-eider Stops Rout

PITTSBURGH, Sept. 7.—Chicago knocked Adams and Bagby off the rubber in the first inning and defeated Pittsburgh today 6 to 4, scoring all of their runs in that inning. Stein-eider went into the box with none out and two on bases and stopped further scoring. Keen weakened in the fifth inning and yielded three runs on three hits and two walks. The Pirates added another in the eighth but were unable to overcome the Cubs' early lead. The score:

THE CHAMPS BEATEN BY PHILLIES 10 TO 6

NEW YORK, Sept. 7.—Philadelphia defeated the New York world's champions here today, 10 to 6. After Steiner's home run with Meusel on base tied the score in the sixth the Phillies knocked Watson out of the box in the seventh scoring three runs on five hits. Williams hit his 34th home run of the season with Rint home on base in the third inning again putting him on ahead of Ruth.

Score: Philadelphia 002 100 304—10 18 0
New York 010 002 012—6 12 3

THE ORIGINAL "WATER WAGON"

Altho he has been termed "The Original Water Wagon" many times, Selim, racing camel, is not at all interested in wet and dry comedy. Fact is, Selim, who defeats all comers in the hippodrome track of the Sells-Floto big top twice daily, thinks only of the race course.

Don't be surprised when Sells-Floto circus and Buffalo Bill's Wild West combined comes to Jacksonville, Monday, Sept. 17, to see Selim looking at a race form chart, held before his gaze by a sympathetic trainer, for the camel figures he can romp whole lengths ahead of the world's crack thoroughbreds. At that, he may be right, for they're afraid to let him race with the proud flat course and hurdle champion equines of the circus.

They're not so much afraid of Selim's speed, as they are of his feet, for he's a beautiful kicker, when horses are around.

Selim and scores of other animals take part in "A Night in Persia" the beautiful opening spectacle of the big show. The trappings of the animals and the costuming of the people in this most lavishly embellished of all big top pageant-plays, are of the quality of those in the great Broadway revues. There are 1200 people and animals in the cast.

BIG ADVANCE SALE
FIRPO-DEMPESEY GO

NEW YORK, Sept. 7. (By the A. P.)—The advance sale of tickets for the Firpo-Dempsey championship fight at the Polo Grounds next Friday night has amounted to approximately \$800,000 so far. Tex Rickard revealed today. The promoter declared it exceeded the advance sales for any previous title match he has promoted including the Dempsey-Carpenter fight which established a record "rate" of \$1,600,000 two years ago.

SHOCKER POUNDED HARD BY WHITE SOX

Cvengros Keeps Browns' Hits Scattered and Was Given Perfect Support—Fielding of Kamm Was of High Order

CHICAGO, Sept. 7.—Chicago hit Urban Shocker hard behind two passes and an error by McManus in the third inning and easily defeated St. Louis 7 to 2, in the first game of the series. Cvengros kept the visitors' hits scattered and was given perfect support, the fielding of Kamm being especially noteworthy.

FIRST SERIES GAME IS TAKEN BY TIGERS

CLEVELAND, O., Sept. 7.—Detroit defeated Cleveland today 11 to 9 in the first game of the series which may determine the position of second place. The contest was characterized by ineffective pitching, particularly by Uhle and Dauss who started the game and by Boone and Francis, relief pitchers. Police were summoned to stop a fight on the Detroit bench after Manager Cobb had yanked Pitcher Francis from the mound.

DECISION RESERVED IN HARRY WILLS' CASE

NEW YORK, Sept. 7.—Supreme Justice Hagerty late today reserved decision in the action brought by Harry Wills, negro heavyweight contender seeking an injunction against the Firpo-Dempsey fight at the Polo Grounds September 14. Wills claims a prior right to box Dempsey for the heavyweight title.

Attorney William Klein, representing Wills, declared the state boxing commission had acted in a "tyrannical manner" and had not given Wills a fair opportunity to meet Dempsey. Representatives of the commission stated that no complaint alleging injustice had been lodged before them by Wills.

Counsel for Promoter Tex Rickard declared that he had spent \$20,000 in preparation for the bout between Dempsey and Firpo and that if the fight did not take place he would lose \$50,000.

Miss Mabel Bolton is staying with Mrs. Ted Loneragan.

The boys and men of Zion will entertain the ladies at a banquet next Saturday evening, Sept. 8th in the church basement.

Miss Maude Clayton spent Sunday with Miss Eula Ozbun.

The families of S. A. Bracedwell and James O'Brien attended the county fair last Tuesday.

Friends of Mrs. Frank Short are sorry to learn she is not improving in health.

DEMPEY BEGINS HIS TAPERING PROCESS

Champion Appears to Be Trained to a Razor Edge Physical Perfection—Full of Speed

SARATOGA SPRINGS, N. Y., Sept. 7. (By the Associated Press)—The tapering off process in Jack Dempsey's training grind started today when the world's heavyweight champion boxed six fast rounds with light sparring partners to develop speed and sharpen his judgment of distance.

The champion appeared to be drawn to razor edged physical perfection, working with all of the dash and speed of a lightweight. When he finished with his sparring partner, Dempsey's breathing was normal. He worked out before several experts invaded the camp of the watchman who invaded the camp after watching Luis Angel Firpo in action in Atlantic City. Dempsey's speed, they said, was amazing compared to the movements of the giant South American.

The champion displayed his speed most impressively while engaging Andrew Trambitis, a Portland, Ore., middleweight and Billy DeFoe, a featherweight of St. Paul, DeFoe fashing out with lightning lefts carried Dempsey at top speed but found it difficult to lay a glove on the champion.

Trambitis ripped into Dempsey from the start, shooting blows from every angle but Dempsey stopped most of them with his gloves and forearms.

The champion held his punches in check while boxing Trambitis and DeFoe.

The champion favored his left hand in his bag punching, shadow boxing and work with the gloves, indicating to the experts that he expects this weapon to be his most dangerous against Firpo.

MURPHY CLOSES HIS FINEST RACING WEEK

HARTFORD, Conn., Sept. 7.—Thomas W. Murphy closed one of his most successful racing weeks here this afternoon by capturing two of the three events on the getaway day card at Charter Oak park. He won the 2:17 trot with Mary Anne and the special trotting class with Rose Scott.

Ramco, star of the half millers, took the 2:11 trot, winning the first two heats but losing the third in a Fair Play. Volio Chimes' disqualification to stay on a trot prevented Murphy from making a clean sweep of the final day's card.

Summaries
2:17 trot, \$1,000. Mary Anne, won; Eleanor Worthy, second; Don Caton, third. Best time 2:09 3-4.
2:11 trot, \$1,000. Ramco, won; Fair play, second; Lorena Watt, third. Best time 2:07 1-2.
Special trotting race, \$1,000. Rose Scott, won; Emma Harvester, second; Suavity, third. Best time 2:08 1-2.

CROQUET CLUB ISSUES BOLD CHALLENGE

The Jacksonville Croquet club is looking for victims and with that idea in mind has issued a challenge to any other similar organization in Morgan, Scott and Cass counties to meet them in fair combat, in a series of five games, with four players each—three of the games to be played on the local court. A number of the local mallet sharks also issues a challenge to any member of a similar organization for a game with two players, each player to play two balls.

The challenges as issued specify that coaching is to be permissible in all the contests and that they shall be umpired by a competent official.

NEW YORK, Sept. 7.—Price
movements in today's stock mar-
ket were irregular and generally
inconclusive but the list as a
whole exhibited a firm tone.
Trading was largely a professional
affair with pool operations
again evident in a number of
specialties.

Revival of speculative interest
in the railroad shares which were
reactionary yesterday on reports
of decrease in net income in July
as compared with June, was one
of the day's features. Marked
strength was shown by a number
of specialties. DuPont was pushed
up more than three points to
140 but fell back later to 138½
buying being attributed to specu-
lative expectation of a partial dis-
tribution to stockholders of the
General Motors stock held by the
company and of an increased de-
mand for artificial silk products
manufactured by the company as
a result of the Japanese disaster.
U. S. Steel common, Baldwin,
Studebaker, American Can and
Bethlehem Steel often referred
to as pivot stocks, closed frac-
tionally lower. Houston oil ad-
vanced 2½ points but most of the
other shares in that group were
heavy.

Some of the outstanding strong
spots were Liggett & Myers up 3½
General Electric up 3½ and Chi-
cago Pneumatic Tool, Manhattan
Electrical Supply, Woolworth and
Postum Cereal up to 3½ points.
Davison Chemical flopped back
3½ points to 47.
U. S. Government bonds held

ROTARIANS HEARD CONVENTION DETAILS

Report Made by H. L. Caldwell,
Delegate to International
Joseph Becker Told of Big
Brother Movement

At the Friday luncheon of the Rotary club held at the Pacific hotel, H. L. Caldwell, who was the official delegate to the international convention, made a report. It had been the intention to make report earlier but changes in program were necessary.

Mr. Caldwell presented his very interesting resume of the great convention, based upon notes taken at the sessions he attended, and also upon the official convention report, in many ways the international gathering at St. Louis is accounted the best ever held by the clubs. Letters of appreciation were read by Secretary Dial from a number of clubs whose representatives attended the conference of the 41st district held recently in Jacksonville and at Merced, in accordance with plans which had been outlined by Dr. A. H. Dollear, president of the Jacksonville club. The newest member of the club, E. A. Schoedsack, was introduced.

A statement with reference to the Morgan county share in the Red Cross program of relief for Japan was mentioned by H. M. Capps, who is vice chairman of

the Morgan county Red Cross chapter.

Joseph Becker, made a short address based upon his research work and experience along sociological lines. Mr. Becker has been engaged for about three years in such work in Washington, D. C. The speaker made mention of the fact that one of the papers prepared as part of his course of study had for a theme "Sociological Study of My Home Town," in which he said he described Jacksonville and its forward movement during recent years.

The speaker's remarks all led up to a presentation of the Big Brother movement. This organization was started nearly 20 years ago and has grown constantly, supported as it has been by numerous organizations. Thru the Big Brother movement many boys have been befriended and made good citizens who otherwise would likely have developed into criminals or at least into a type of undesirable citizenship. Mr. Becker explained how study in sociology gave ample proof of the fact that most lads who do things that bring them into court for the first time are not really criminals and generally speaking they have not done anything worse than the average boy does some time or other in his earlier life.

Mr. Becker expressed the hope that the Jacksonville Rotary club will name a Big Brother committee to co-operate with Judge Samuel as the judge of the juvenile court and with the Social Service League.

Among the guests of the day were Lee Cunningham and H. P. Scott, Springfield; Allen Miller, Chicago; George Lewis, Des Moines, Iowa.

Must Come To The Aid of Stricken Japan

The raising of a relief fund for the stricken people of Japan has begun in this city, and the sum of \$500 has already been subscribed. The movement was definitely launched at a joint meeting yesterday between the executive board of the Commercial division and the board of directors of the Chamber of Commerce. It was the general feeling at the session that this is an emergency and that Jacksonville and Morgan county must respond without delay. The quota for the county is set at \$1,700, but fully twice this amount is needed to provide adequate funds.

It was decided at the meeting that there will be no house to house or store to store solicitation, but the people are urged to make their donations thru any bank in the county, thru the Chamber of Commerce, or thru the local Red Cross headquarters. H. J. Rodgers, president of the Morgan county chapter of Red Cross, was chairman of the meeting, and the movement is under the auspices of this organization.

The effort to relieve the terrible suffering in Japan is nation-wide. Practically every city in Illinois and in every state in the Union is endeavoring to raise funds to send to Japan. Jacksonville and Morgan county must not be in any sense behind other parts of the country in efforts to aid the suffering thousands across the Pacific. The officials present at the meeting yesterday afternoon heartily endorsed the movement, and although no definite drive will be conducted, unless absolutely necessary, they are urging everyone to lend hearty co-operation. Dispensing with a campaign means no overhead expenses in raising the funds and all the money collected can go to relief measures.

It is believed that this effort to send relief to Japan in the hour of its great national disaster, will do much to cement the friendship between the Japanese and the American people. The return of the Boxer indemnity to China was the means of drawing that country into a close friendly relation with our own, and it is hoped that the present movement will have a similar effect upon Japan. Now is the time when the cry of the war fiends about the yellow peril should be forgotten, and the appeal of a nation in distress should reach every American heart. If there ever was a yellow peril, America now has the opportunity to bury it forever.

Aside from the diplomatic effects of the relief movement there is the universal appeal which suffering humanity always presents to those who are more fortunate. In the flash of a moment the land of the rising sun has become the land of darkening sorrow. The "Yellow Kingdom" has become a realm of thorns, great

learning thorns, that have stuck deep into a nation's bleeding heart. The most advanced nation of the East, where the industry, culture, and even the luxury of western civilization was taking firm root, has been laid in the dust and must creep slowly and painfully back from destruction and death to life and prosperity.

In the Japanese capital and neighboring cities, millions are starving and even the simple necessities of life are at a premium. Already the menace of plague looms in the stricken cities, adding to the hosts already claimed by death.

The touch of nature that makes us all kin is sometimes a savage blow that tells thousands of helpless victims in the bloom of their existence. Japan has felt the force of such a blow; and although the people of that nation itself are rising to meet the emergency, to other nations comes the appeal to help heal the wound. America cannot rebuild Japan's burned cities, or restore her dead to life, but something can be done to aid the innocent sufferers who remain, helpless in the face of plague and famine, homeless in the midst of charred ruins of their lost possessions.

There is still another side to the question of relief. It should be remembered that Japan is a heathen nation, in the sense that it is not founded and guided by the teaching of the Christ. There has been a tendency among the Japanese to reach out toward western civilization, but to decline the Christianity which has created that civilization. It may be that the keen Japs have seen something in American life and American dealings with them that has belied the professions of Christianity on which we have insisted. Now is the time to wipe out that feeling, if it exists. A whole-hearted, Christian response to this appeal of suffering Japan should do much toward winning that nation to acceptance of that religion which inspires such acts on the part of those who profess it.

Perhaps some will say these are lesser motives for sending relief to Japan. If so, they are none the less worthy. But there is one motive that should prompt every individual to give to the extent of his ability, and that motive is sympathy. It matters not as to the race, color or creed of the one in distress. He needs help and his calamity should awaken a feeling of sympathy in every human heart. The person who gives from this motive gives a part of himself. He goes with his gift. Man's extremity may be God's opportunity, but it is also the opportunity of his fellow man. Take your donation for suffering Japan to any bank in Morgan county, to the Red Cross headquarters, or to the Chamber of Commerce.

REDECORATE CHURCH AUDITORIUM IN OIL

State Street Church Being Refitted in Gothic Style by Springfield Firm—Regular Services Being Held in Sunday School Rooms.

Work was started this week on the redecoration of the interior of State Street Presbyterian church. Carpenters were busy early in the week erecting the scaffolding in the church auditorium, and the work of cleaning the walls and ceiling of the former decorations is progressing rapidly. The contract has been awarded to Schambacher and Sons of Springfield, who recently finished the decoration of the interior of the new Salem Lutheran church here.

The auditorium of State Street church was decorated about fifteen years ago in water color. The new decorations will be in oil and the stenciling will be done free hand with brush. The new decorations will be Gothic in style. The total cost of the work will be about \$1800.

The committee of members in charge of the redecoration consists of E. M. Dunlap, C. A. Johnson and Dr. A. L. Adams. The work will probably be completed by the last of September. Meanwhile, services are being held in the lecture and Sunday school rooms, and there will be no interruption in the regular program of services.

The regular meeting of the teachers and officers of the State Street Sunday school was held Wednesday evening in the church parlors. Supper was served and there was a good attendance. It was decided to hold a Rally Day program in the Sunday school on the first Sunday in October. Reports were made by the secretary, Thompson Brady, and the treasurer, A. G. Leedy.

A Rally Day committee to arrange the program was appointed, as follows: Thompson Brady, A. G. Leedy and Miss Violet Davis. The teachers and officers of the school are looking forward to a prosperous fall and winter.

Leon Dinwiddie of Litterberry was a business visitor in the city yesterday.

COMMUNITY BAND TO GIVE CONCERTS SOON

Full Instrumentation of Popular
Musical Organization is Made
Public—Band Has Been Growing
in Local Favor During Summer—Faithful Rehearsals Bear
Fruit

Announcement was made last night that the Community Band will begin in about two weeks a series of concerts, to be given on the square and at Nichols park. Those in the business district will be given on week nights, and those at Nichols park probably on Sunday afternoons. The Community Band has steadily increased popularity in Jacksonville and surrounding communities during the summer. After several engagements on the local chautauqua platform and a three-day engagement at the county fair, the people are satisfied that the Community Band is worthy a place among the substantial attractions of the city and county.

The band has faithfully held rehearsals thruout the summer at Chamber of Commerce headquarters. Many of its members have come in from surrounding towns, sometimes thru rain and inclement weather, to attend rehearsals. The band was organized on the evening of March 5th of this year, with the following officers and board of directors:

President—George Day.
Vice president—Claude Jewsbury.
Secretary—F. D. Kelly.
Treasurer—Lloyd Ross.
Business manager—Harry Craig.

Director—J. Bart Johnson.
Board of directors—Dick Rawlings, George Day, Harry Craig, Frank Reid, Claude Jewsbury, Lloyd Ross, J. Bart Johnson.

The full instrumentation of the Community Band was announced last night by the director, J. Bart Johnson. It will be noticed that the organization is really a community enterprise, made up of men from many towns in the county, as well as from Jacksonville. Mr. Johnson, as has been previously mentioned, is giving his services to the band free of charge for one year, in order to put the organization on a firm basis. The instrumentation is as follows:

J. Bart Johnson, director.
Cornets—Leslie Rawlings, Woodson; J. S. May, Jacksonville; Clyde Vasconcellos, Jacksonville; George Cunningham, Woodson; Albert Hoagland, Woodson; Henry Irving, Jacksonville; Ernest Olds, Jacksonville; Charles Taylor, Woodson; William Jewsbury, Lynnville; A. H. Todd, Woodson; A. J. Campbell, Lynnville; Lloyd Ross, Jacksonville; K. A. Schaaf, Franklin; J. Frisch, Jacksonville.
Alto—B. A. Smith, Woodson; Harry Smith, Woodson; John Argin, Woodson; J. N. Dunham, Jacksonville.

Trombones—Ralph Heaton, Lynnville; J. C. Colton, Woodson; Ollie Parker, Jacksonville; F. M. Quimby, Woodson.
Saxophones—A. H. Scheele, H. O. White, F. D. Kelly, Russell Todd, Harold Hembrough, Jacksonville.

Baritone—Claude Jewsbury, Clarence Jewsbury, Lynnville; Harry Craig, Woodson.
Basses—George Day, Jacksonville; Howard Rawlings, Woodson; Frank Reid, Maurice Johnson, Jacksonville.
Flute and piccolo—A. L. Russell, Jacksonville.
Drums—J. T. Self, H. L. Owings, Woodson.
Cymbals—A. J. Dunavan, Jacksonville.

PHOTOS OF BEAUTIFUL VIEWS ARE SECURED

The Morgan county committee on the Illinois state beauty spot contest has been very fortunate in securing five fine photos of beautiful views, and it is the opinion of the committee that these views ought at least to win honorable mention.

ILLINOIS TRACTION COMPANY

At the first meeting since the consolidation resulting in the organization of the Illinois Power and Light Corporation, the directors of the Illinois Traction Company at Chicago on Sept. 5 declared the regular quarterly dividend of 14¢ upon the 6¢ cumulative preferred stock of the Illinois Traction company payable October 1 to stockholders of record at the close of business Sept. 20, 1923.

They also declared a dividend of 50¢ per share on the common stock, payable on October 15 to stockholders of record at the close of business October 1, 1923. The declaration of the 50¢ dividend for this quarter on the common stock and the discussion leading up to it was interpreted to mean that a regular dividend basis of \$2 per annum was being established for this stock.

RETURN FROM CHICAGO

Mr. and Mrs. Wall Mason and son Paul and Mr. and Mrs. Floyd Goodpasture of Grace Chapel have recently returned from Chicago, where they were guests of Mr. Mason's brother Warren Mason. They report a very enjoyable visit.

CLYDE RICHARDSON WEDS MISS KINCAID

Well Known Resident of Orleans
United in Marriage to Miss
Elsie Kincaid of Champaign

Friends of Clyde Richardson of Orleans and Miss Elsie Kincaid of Champaign will be surprised to learn of their marriage, which took place in Springfield, Ill., on Thursday, Sept. 6th.

The young people slipped away quietly without advising any of their friends of their matrimonial intentions. The ceremony was performed by Rev. E. A. Havighurst at the parsonage of the First M. E. church in Springfield, at 1:30 o'clock Thursday afternoon.

Those present at the wedding were Mrs. Kincaid, mother of the bride, and Miss Matilda Richardson, sister of the groom.

Mr. and Mrs. Richardson will be at home to their friends after October 1 at the groom's farm near Orleans. They begin their wedded life under most auspicious circumstances and with the best wishes of a large circle of friends.

BROWN'S BUSINESS COLLEGE
